

Australia's favourite track-guided blind

The trusted solution for outdoor living

www.ziptrak.com.au

Instantly transform your space to create a sense of seclusion and sanctuary. You'll spend more time enjoying life outdoors with family and friends.

Offering protection during every season from UV, sun, wind, and rain for year-round outdoor entertaining.

Ziptrak® is the original and trusted track guided blind system with a patented design that glides smoothly and stops at any height.

The trusted solution for outdoor protection.

Add another room to your home.

Australian owned and invented.

Custom made for every installation.

SPRING-BALANCED

The unique spring-balanced system provides lightweight hand operation.

Intuitive and easy to use.

No crank, chains, zips or cords.

Leave at any height.

CENTRE-LOCK-RELEASE

The patented Ziptrak® system is even easier to use with the unique Centre-Lock-Release. The blinds lock at their lowest position providing a secure hold in the high winds. When you are ready to open again, simply lift the handle to activate release latches on both sides of the bottom bar.

Yet another remarkable and intuitive solution that makes outdoor entertaining a pleasure.

TRACK-GUIDED

Most outdoor blinds have gaps which let in dust, wind, rain and insects. Ziptrak® provides a sealed barrier, keeping out heat during summer, but locking in the warmth during winter.

Design your blind.

Patented system.

100% Australian made and owned.

Robust and durable materials.

Custom made every time.

HARDWARE COLOUR RANGE

Ziptrak® aluminium componentry is readily available in 5 different popular Colourbond® colours, or you can powder-coat to any conceivable colour.

Match or compliment your existing structure with customised colour options for the vertical tracks, bottom bar and pelmet.

Each blind system is custom measured, made and installed to your exact requirements.

INFORMATION

Sunscreen Mesh and PVC products are complimentary to the Ziptrak® system, but are not sold by Ziptrak Pty Ltd. Please speak with your retailer about the range, warranty and specifications of these products. We recommend making all selections upon seeing an actual sample. Varying light conditions and the printing process can affect colour tones displayed in this catalogue.

Expand your space.

Tough and durable for years of commercial use.

Ziptrak® blinds with unique combination of PVC and Sunscreen Mesh.

MOTORISATION

Optional motorisation is a popular choice for many household and commercial applications. The motor is hidden within the pelmet, and the blind can be left at any height. Motorisation is perfect for:

Large blinds.

One touch convenience.

Blinds mounted in hard-to-reach locations.

Lowering multiple blinds with one button.

People with limited mobility.

Only available with Sunscreen Mesh.

SOLARSMART™

SolarSmart™ allows you to operate your motorised Ziptrak® blinds without the need for an electrician to hard-wire into your building power. You'll have your blinds motorised sooner, and at a lower cost.

PROTECTIVE PELMET

A pelmet ensures the blind looks great and operates flawlessly for years.

Available in steel or rust-free aluminium.

Hides and protects blind.

Blocks weather.

Stylish design.
